

Fee Scale

(Effective 1st February 2016)

This Fee Scale has been produced to provide an indication of the costs of your dental treatment. They are based on the time, the complexity of the treatment and the laboratory work involved.

All patients will be given an estimate before the start of their treatment and will be informed of any changes to their costs during treatment.

The practice policy is for payment to be made as treatment is received. We accept all major credit cards, Switch and Delta cards.

A deposit will be requested when undertaking treatment plans involving dentures, crowns, or bridges.

Recall Examination	(Patients who have been seen in the last 2 years)	£ 35.00
2 X-Rays (to include taking and reading)	each additional £ 8.00	£ 16.00
